

**Professional Development Opportunity**  
**Half-Day Workshop**

**"Recognising the Self-Determination of  
Nonbinary and Transgender People"**

This workshop aims to equip participants with knowledge of some common barriers that transgender/gender diverse/nonbinary people face when accessing health and mental health support, and with some skills to open up conversations about gender in a respectful manner. Participants will also learn about pronouns (he/she/they for example) and how to signal that they are a safe person to talk to about gender and/or sexuality.
