

Life Membership

Life membership may be granted by the Executive at its discretion, to those full members who have been members of the Society for thirty years, or who have been members of the Society for at least twenty years and who have made an outstanding contribution to the Society over an extended period of time.

For the purposes of this Rule, and at the discretion of the Executive, prior membership of an equivalent overseas psychological organisation may be deemed equivalent to membership of the New Zealand Psychological Society.

In preparation for annual subscriptions each year, the membership administrator at National Office automatically searches the database for members who are eligible for life membership and contact these people prior to annual subscriptions being sent out.

Click on the NZPsS [Rules](#) for further information about Life Membership.
