

Clinical Psychologist - Infant, Child and Adolescent Mental Health

Permanent roles – full & part time
Ref# ROT01405

We are looking for an enthusiastic and motivated Clinical Psychologist to join our multi-disciplinary team at Infant, Child and Adolescent Mental Health Service (iCAMHS) in Rotorua. Rotorua has a growing multi-cultural community and is becoming the lifestyle destination of choice for professional couples, families and individuals that have a passion for life and the outdoors.

It is essential that the successful candidate has strong assessment and therapeutic intervention skills, including knowledge and familiarity with psychometric testing. The successful candidate should also be able to work efficiently both independently and with other clinicians in our skilled multi-disciplinary team. An ability to connect and build a trusting relationship with a wide range of people from the community is essential, whether it be on site, at schools, homes or other settings.

We offer:

- Attractive funding for continuing education
- Ability to work with a wide range of mental health conditions
- Work in a brand new office in Te Aka Mauri – Children's Health Hub

Applicants must have registration, or be eligible for registration, with the NZ Psychologists Board, hold a current full clean NZ drivers licence, and meet requirements for the children's worker safety checks.

We welcome applications from experienced Clinical Psychologists who can demonstrate a commitment to working with young people and their families. If you have any questions, please contact George Furstenburg via george.furstenburg@lakesdhb.govt.nz for an informal discussion.

Please note: To be eligible to work at Lakes DHB you must be fully vaccinated.
