

When you register for the self-paced online program, you have access to the same program via livestream during your access period. Please register one month prior to the livestream to ensure your printed materials are delivered in time.

If COVID restrictions happen to affect the 2022 Auckland training, a highly interactive livestream will be offered on the same dates. A refund of the program (fee less card fee) will be provided if you do not wish to complete the program via livestream. A full transfer to 2023 in Auckland is also offered.

For more information about the program refer to [this flyer](#) or the links above
