

WORKING WITH TRAUMA

with Maori
Tikanga-Base
Models of Practice

YOUR FACILITATORS

Jenny Manuera is Director of Manuera Life Development Services and facilitates "Te Whaariki Hou" with Facilitator/Maori Advisor – Wi Turei Waikari.

Both Wi and Jenny have facilitated the noho marae training for Provisional Counsellors for NZAC Auckland over a period of 7 years and also in the Waikato.

They both currently facilitate 1 day workshops in Auckland within a Marae setting for counsellors and other health practitioners. Both facilitators bring a wealth of experience, very creative practical tools and lots of fun within their training events.

DESIGNED TO

Transition contemporary Māori concepts and protocols within Models to work with trauma /sexual abuse and to provide a simplistic, dymystification of Te Ao Māori, found in the strands that it takes to weave a new mat.

To present Maori Models of Practice which have the blessing of both Kaumatua and Kuia. By doing this it adds these concepts as a tangible tool to use alongside any mainstream practices.

This will be through the use of Mythology, Māori concepts and the creative use of a realm of Tikanga-Based developed models designed by both Wi Waikari & Jenny Manuera and within the framework of "Te Whare Tapa Wha".

MĀORI MODELS INCLUDE

- Mobile Marae Atea
- Te Kohu Tukino (POT)
- Te Whaariki – Secrecy and holding of abuse
- Nga Tini Ahua Model

SOUTH ISLAND 2026
