

Clinical Psychologist

Clinical Psychologist - Intellectual Disability Service, Ward 10a and Helensburgh Cottage

Wakari Hospital, Dunedin

- **Permanent**
- **Part-time, 0.8 FTE (32 hours per week)**

Here at the Southern DHB the highest possible levels of patient care and service lie at the heart of our mission. Integral to this is a commitment to creating a high performing organisation with a focus on quality.

About the role

Our Intellectual Disability Service is looking for a Clinical Psychologist to join the team based at Wakari Hospital, Dunedin.

You will require good time management skills to enable your assessment, planning, and delivery of effective clinical psychology interventions for patients. You will also be actively involved in individual and group therapy's. Ensuring the continued wellbeing of your clients will see you liaising extensively with other clinical psychologists within the organisation.

You will have a sound knowledge of clinical psychology assessment and interventions, with relevance to intellectual disability as well as mental health. Your communication skills will be of the highest standard allowing you to relate to the clients, their families, and other health professionals while providing clear, appropriate communication when presenting and discussing clinical information. You should also be open to different ways of working and thinking outside the box in order to achieve positive outcomes. The clinical psychologist role is an integral and valued member of a multidisciplinary team providing patient-centred interventions. Whilst experience in a similar role is desirable, consideration will be given to new graduates who have an interest in mental health.

About the team

This is a multidisciplinary service, the Intellectual Disability Service provides care within a range of different

settings and environments. We consist of a 13 bed medium secure in-patient ward and a four bed medium secure rehabilitation cottage and a Community Liaison team.

To be eligible for consideration you must be a Registered Clinical Psychologist with the NZ Psychologist's Board, hold a current practising certificate and NZ driver's licence.

About the Southern DHB

We are responsible for planning, funding and providing health and disability services to a population of over 315,000 located South of the Waitaki River. Our catchment area encompasses Invercargill City, Queenstown - Lakes District, Gore, rural Southland, Clutha, Central Otago, Maniototo, Waitaki District and Dunedin City. This means Southern DHB serves the largest geographic region of all New Zealand's health boards.

The Southern district offers the benefits of excellent amenities, first class primary through to tertiary education and outstanding recreational opportunities. Whether it's surfing, kayaking or sailing; skiing, hunting or fishing; theatre, live-music or art - there's literally something for everyone. Check out <https://southernhealthcareers.nz/> for what the region and we can offer you and your whanau.

Closing date: Sunday, 30 August 2020. *Please note that we may begin shortlisting as we receive applications and could withdraw the advertising at any time.*
